

## **Yard Supervision**

Teachers and S.N.A's supervise break times on the yard. Children may not go back into the school unless they have permission from the staff on duty.

Pupils from the Senior Classes take turns to monitor the doors, so children may go into the toilets or to first aid in an orderly manner.

Children are expected to remain in their own area of the yard during break times and to line up when the bell goes for the end of break. Staff on duty direct pupils' to their classroom where the class teacher will meet them.
